

## **RELATIONSHIP VISION**

### **Chuck and Sandy Starnes**

We listen to God everyday and yield to His Word to us.

We have a stable and intimate relationship both emotionally and physically.

We bring God's presence and peace everywhere we go.

We live in the hope of healing and reconciliation in our family and other relationships.

We give our time and resources to the underserved in our community and around the world.

We create a mutual purpose for every major decision we make.

We are co-creators of our life work together.

We go on regular adventures exploring the wonders of the world together.

We work together on home and garden projects.

We explore culinary delights together.

We listen to Baroque music together.

We trust God for His provision every day and are financially secure.
